

**UNITED STATES DEPARTMENT OF COMMERCE**  
**National Institute of Standards and Technology**  
Gaithersburg, Maryland 20899

Mr. Russ Kick  
P.O. Box 30453  
Tucson, AZ 85751

Dear Mr. Kick:

The letter is the final response to the three Freedom of Information Act (FOIA) requests that you have submitted to the National Institute of Standards and Technology (NIST).

FOIA Log # 03-75:

NIST has conducted a preliminary search for responsive records and has identified 17 documents, totaling approximately 2000 pages, which fall within the category of Records to Be Withheld in their Entirety. These documents are being withheld from disclosure pursuant to the following exemptions:

- FOIA – 5 U.S.C. § 552(b)(3): “Statue provides specific criteria for withholding.” The Federal Acquisition Regulation (FAR), Subpart 24.202 states “A proposal in the possession or control of the Government, submitted in response to a competitive solicitation, should not be made available to any person under the Freedom of Information Act.”
- FOIA - 5 U.S.C. § 552(b)(4): “Trade secrets and commercial and financial information obtained from a person and privileged or confidential.”
- FOIA - 5 U.S.C. § 552(b)(5): “Interagency or intra-agency memorandum or letters which would not be available by law to a party other than an agency in litigation with the agency.” The records are reflective of the deliberative process of NIST. Because the documents are "predecisional," and "a direct part of the deliberative process in that they make recommendations or express opinions," they are properly withholdable under the FOIA.

FOIA Log #03-76:

Enclosed you will find one document that has been found to be responsive to your request. This document is supplied at no charge.

**NIST**

FOIA Log #04-06:

Enclosed you will find 66 documents that have been found to be responsive to your request. These documents are also supplied at no charge. Some of the material contained in these documents has been redacted pursuant to FOIA exemption (b) (6) of the FOIA ((5 U.S.C. § 552 (b)(6)), information in personnel and medical and similar files that would clearly constitute a clearly unwarranted invasion of personal privacy.

You have the right to appeal this determination. Such an appeal must be made in writing and received within 30 calendar days of the date on this letter to:

Assistant Counsel for Administration  
U.S. Department of Commerce  
Room 5870  
Washington, D.C. 20230

Your appeal should include a copy of your original request, a copy of this determination, and a statement of the reason(s) you believe this determination to be in error and why these records should be made fully available to you. Both your letter and the envelope in which it is mailed should be prominently marked "Freedom of Information Act Appeal."

Sincerely,

A handwritten signature in black ink, appearing to read "Sharon E. Bisco", written in a cursive style.

Sharon E. Bisco  
Freedom of Information Act Officer

### Record of Actions Taken

FOIA# 03-01 (wtc)

[illegible]

UNITED STATES DEPARTMENT OF COMMERCE  
National Institute of Standards and Technology

October 21, 2002

Mr. Jim Rosenfield  
WNBC-TV  
Room 730E  
30 Rockefeller Plaza  
New York, NY 10112

Dear Mr. Rosenfield,

This letter is in response to your October 1, 2002, Freedom of Information Act (FOIA) request to the National Institute of Standards and Technology (NIST) in which you request all engineering reports forwarded to NIST by Silverstein Properties, Inc. Your request was received at the NIST FOIA Control Desk on October 2, 2002.

Pursuant to the authorities granted by Public Law 107-231, the National Construction Safety Team Act, NIST is currently conducting an investigation into the technical causes of the collapse of the World Trade Center towers.

While NIST has in its possession records which are responsive to your request, these records are currently exempt from disclosure under section (b)(3) of the FOIA (5 U.S.C. Section 552)(b)(3). Exemption (b)(3) permits an agency to withhold records in an agency's possession which are "records that are specifically exempted from disclosure by statute (other than 552b), provided that such statute (A) requires that the matters be withheld from the public in such a manner as to leave no discretion on the issue, or (B) establishes particular criteria for withholding or refers to particular types of matters to be withheld." The statute underlying the (b)(3) exemption, the National Construction Safety Team Act, satisfies section (B), above, by specifying that any information submitted to or received by the National Institute of Standards and Technology or by a particular Construction Safety Team is exempt from disclosure until the final report required under the Act is issued by the Team (Public Law 107-231, Sec. 7(b)). Section 12 of the Act specifically extends coverage of this Act to "the activities of NIST in response to the attacks of September 11, 2001."

Should NIST receive requests for this information after the conclusion of the time period specified in Sec. 7(b), NIST will review those FOIA requests in accordance with the standard Department of Commerce procedures detailed in Title 15 Code of Federal Regulations, Part 4. NIST reserves its rights to claim any additional applicable FOIA exemptions whenever the (b)(3) exemption, upon which this denial is based, ceases to be in effect.

Final Exemption Letter12.doc

[Date]

[Requestor / Address]

Dear [Salutation],

This letter is in response to your [Date], Freedom of Information Act (FOIA) request to the National Institute of Standards and Technology (NIST) in which you request [Subject]. Your request was received at the NIST FOIA Control Desk on [Date].

Pursuant to the authorities granted by Public Law 107-231, the National Construction Safety Team Act, NIST is currently conducting an investigation into the technical causes of the collapse of the World Trade Center towers.

While NIST has in its possession records which are responsive to your request, these records are currently exempt from disclosure under section (b)(3) of the FOIA (5 U.S.C. Section 552)(b)(3). Exemption (b)(3) permits an agency to withhold records in an agency's possession which are "(r)ecords that are specifically exempted from disclosure by statute (other than 552b), provided that such statute (A) requires that the matters be withheld from the public in such a manner as to leave no discretion on the issue, or (B) establishes particular criteria for withholding or refers to particular types of matters to be withheld." The statute underlying the (b)(3) exemption, the National Construction Safety Team Act, satisfies section (B), above, by specifying that any information submitted to or received by the National Institute of Standards and Technology or by a particular Construction Safety Team is exempt from disclosure until the final report required under the Act is issued by the Team. (Public Law 107-231, Sec. 7(b)). Section 12 of the Act specifically extends coverage of this Act to "the activities of NIST in response to the attacks of September 11, 2001."

Should NIST receive requests for this information after the conclusion of the time period specified in Sec. 7(b), NIST will review those FOIA requests in accordance with the standard Department of Commerce procedures detailed in Title 15 Code of Federal Regulations, Part 4. NIST reserves its rights to claim any additional applicable FOIA exemptions whenever the (b)(3) exemption, upon which this denial is based, ceases to be in effect.

NIST maintains a website at <http://wtc.nist.gov> which contains all the information relating to its investigation which NIST is making public at this time. The website is periodically updated.

You have the right to appeal the determination that the records are not subject to disclosure. Such an appeal must be made in writing and filed within 30 calendar days of the date on this letter to:

Assistant Counsel for Administration

U.S. Department of Commerce  
Room 5870  
Washington, D.C. 20230

Your appeal should include a copy of your original request, a copy of this determination, and a statement of the reason(s) you believe this determination to be in error and why these records should be made fully available to you. Both your letter and the envelope in which it is mailed should be prominently marked "Freedom of Information Act Appeal."

Sincerely,

Sharon E. Bisco

Mrs. Kiki Bennett  
110 East 59<sup>th</sup> Street 29<sup>th</sup> Floor  
New York, NY 10022

Dear Mrs. Bennett,

This letter is in response to your January 24, 2003, Freedom of Information Act (FOIA) request to the National Institute of Standards and Technology (NIST) in which you request photos pertaining to the World Trade Center attack on September 11, 2001. Your request was received at the NIST FOIA Control Desk on January 30, 2003.

Pursuant to the authorities granted by Public Law 107-231, the National Construction Safety Team Act, NIST is currently conducting an investigation into the technical causes of the collapse of the World Trade Center towers.

While NIST has in its possession records which are responsive to your request, these records are currently exempt from disclosure under section (b)(3) of the FOIA (5 U.S.C. Section 552)(b)(3). Exemption (b)(3) permits an agency to withhold records in an agency's possession which are "records that are specifically exempted from disclosure by statute (other than 552b), provided that such statute (A) requires that the matters be withheld from the public in such a manner as to leave no discretion on the issue, or (B) establishes particular criteria for withholding or refers to particular types of matters to be withheld." The statute underlying the (b)(3) exemption, the National Construction Safety Team Act, satisfies section (B), above, by specifying that any information submitted to or received by the National Institute of Standards and Technology or by a particular Construction Safety Team is exempt from disclosure until the final report required under the Act is issued by the Team (Public Law 107-231, Sec. 7(b)). Section 12 of the Act specifically extends coverage of this Act to "the activities of NIST in response to the attacks of September 11, 2001."

Should NIST receive requests for this information after the conclusion of the time period specified in Sec. 7(b), NIST will review those FOIA requests in accordance with the standard Department of Commerce procedures detailed in Title 15 Code of Federal Regulations, Part 4. NIST reserves its rights to claim any additional applicable FOIA exemptions whenever the (b)(3) exemption, upon which this denial is based, ceases to be in effect.

Dear Sir/Madame:

January 24, 2003

My name is Kiki Bennett and I am a legal assistant for my husband, Attorney, Richard H. Bennett. We do not have photos of the WTC sight to send you but are respectfully requesting some WTC photos from your collection as it relates to photographs of the building located at 75 Park Place (the corner of Park Place and Greenwich). Our client was an Employee in this building and died as a result of the attack on 9/11. If you do not have photos of this building on 9/11, or a couple of days after 9/11 we would appreciate your recommendations as to where we might find such photos on the web.

We look forward to hearing from you and thank you for your time regarding this request.

Very truly yours,

Kiki A. Bennett, legal assistant

## Record of Actions Taken

FOIA# 03-32

[illegible]

UNITED STATES DEPARTMENT OF COMMERCE  
National Institute of Standards and Technology

FEB 14 2003

Mr. Daniel P. Smulewicz  
Attorney-at-Law  
44 West 70<sup>th</sup> Street  
New York, NY 10023

Dear Mr. Smulewicz:

This letter is in response to your February 7, 2003, Freedom of Information Act (FOIA) request to the National Institute of Standards and Technology (NIST) in which you request "all correspondence, documents, films, videotapes, photographs, building plans, meeting minutes, records of interviews and other materials concerning 7 World Trade Center...". Your request was received at the NIST FOIA Control Desk on February 11, 2003 and assigned Log # 03-32.

Pursuant to the authorities granted by Public Law 107-231, the National Construction Safety Team Act, NIST is currently conducting an investigation into the technical causes of the collapse of the World Trade Center towers.

While NIST has in its possession records which are responsive to your request, these records are currently exempt from disclosure under section (b)(3) of the FOIA (5 U.S.C. Section 552 (b)(3)). Exemption (b)(3) permits an agency to withhold records in an agency's possession which are "records that are specifically exempted from disclosure by statute (other than 552b), provided that such statute (A) requires that the matters be withheld from the public in such a manner as to leave no discretion on the issue, or (B) establishes particular criteria for withholding or refers to particular types of matters to be withheld." The statute underlying the (b)(3) exemption, the National Construction Safety Team Act, satisfies section (B), above, by specifying that any information submitted to or received by the National Institute of Standards and Technology or by a particular Construction Safety Team is exempt from disclosure until the final report required under the Act is issued by the Team (Public Law 107-231, Sec. 7(b)). Section 12 of the Act specifically extends coverage of this Act to "the activities of NIST in response to the attacks of September 11, 2001."

Should NIST receive requests for this information after the conclusion of the time period specified in Sec. 7(b), NIST will review those FOIA requests in accordance with the standard Department of Commerce procedures detailed in Title 15 Code of Federal Regulations, Part 4. NIST reserves its right to claim any additional applicable FOIA exemptions whenever the (b)(3) exemption, upon which this denial is based, ceases to be in effect.

SURNAME	DATE	SURNAME	DA

official file copy

NIST maintains a website at <http://wtc.nist.gov> which contains all the information relating to its investigation which NIST is making public at this time. The website is periodically updated.

You have the right to appeal the determination that the records are exempt from disclosure. Such an appeal must be made in writing and filed within 30 calendar days of the date on this letter to:

Assistant Counsel for Administration  
U.S. Department of Commerce  
Room 5870  
Washington, D.C. 20230

Your appeal should include a copy of your original request, a copy of this determination, and a statement of the reason(s) you believe this determination to be in error and why these records should be made fully available to you. Both your letter and the envelope in which it is mailed should be prominently marked "Freedom of Information Act Appeal."

Sincerely,

Sharon E. Bisco  
Freedom of Information Act Officer

RE: Freedom of Information Act Log # 03-080

Dear Mr. Smulewicz:

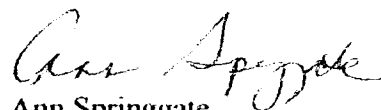

This is in response to your letter dated December 13, 2002, in which you requested, pursuant to the Freedom of Information Act, 5 U.S.C. § 552 (FOIA), all "correspondence, documents, films, videotapes, photographs, building plans, meeting minutes, records of interviews and other materials concerning 7 World Trade Center that were reviewed by the FEMA/American Society of Civil Engineers Building Performance Study Team that prepared Chapter 5 of the World Trade Center Building Performance Study: Data Collection, Preliminary Observations, and Recommendations."

FEMA has no records responsive to your request. The material requested is lodged with the National Institute of Standards and Technology. You may write directly to:

Chief, Structures Division, Building and Fire Research Laboratory  
National Institute of Standards and Technology  
100 Bureau Drive, Stop 8610  
Building 226, Room B164  
Gaithersburg, MD 20899-8610

Because we have no responsive records, you have the right to appeal this response within 30 business days of the receipt of this letter to the Headquarters FOIA Officer, FEMA, 500 C Street SW, Room 840, Washington, DC 20472. Please refer to the above FOIA log number and include any additional information you would like considered. Both the letter and the envelope should be marked, "Freedom of Information Act Appeal."

Sincerely,

  
Ann Springgate  
Office of General Counsel

Re: FOIA REQUEST

Dear Sirs and Madams:

Pursuant to the Freedom of Information Act (5 U.S.C. § 552), I am requesting all correspondence, documents, films, videotapes, photographs, building plans, meeting minutes, records of interviews and other materials concerning 7 World Trade Center that were reviewed by the FEMA/American Society of Civil Engineers Building Performance Study Team that prepared Chapter 5 of the World Trade Center Building Performance Study: Data Collection, Preliminary Observations, and Recommendations (FEMA 403/May 2002), and any additional material regarding 7 World Trade Center that has been collected in the course of NIST's investigation. If some of these materials are available or accessible now but others not, please send what is available as soon as possible and the remainder later. I am also requesting a waiver of search and copying fees pursuant to 5 U.S.C. 552(a)(4)(A). I made a request to FEMA for the material used in their investigation, but was told your agency has all of it. See 1/30/03 letter from Ann Springgate, FEMA to me (attached). I very much appreciate your time and attention to this matter. Thank you.

Sincerely,

Daniel P. Smulewicz
